Hey Andy,

Thanks for the email. I'd love to chat and just provide an explanation and apology directly. I'm open after 2 pm on Wednesday if you have time to talk then.

Tina

Hi Tina,

Let me know if you'd like to chat about this. I know Darrin just wants us to be on the same page, but I acknowledge it can be tough to schedule presentations like this and make things line up for all schedules.

Wednesday looks most open for me if you do want to discuss. Thanks!

Darrin,

Please let me know if you'd like to set up a time for us to have a conversation on this topic. Otherwise, I'm happy to chat individually with both of you to better explain the lack of up front coordination. I'm around the rest of the week if you would like to chat.

Tina

Hi Tina – Andy and I would like to talk about how to improve up front coordination about the Gallatin overall. Some of the key people at DEQ missed an opportunity.

A huge thank you to James, Ron, and Meggie for their excellent presentations and for everyone who participated in today's discussion! The webinar was a great way for EPA and MDEQ to learn about the recent ground water studies conducted in the Big Sky area and have the opportunity to ask questions. We appreciate everyone taking the time to meet and share their knowledge.

We look forward to future discussions and collaboration. Hope everyone has a great weekend.
